10. We discussed making the Committee a non-registered charitable trust in a similar way to the Village Fayre. It was agreed that Graham would take this forward now we were clear on the future.
11. Whilst they have representatives on the Committee, it is very important that the institutions with an interest in the new Centre, the Playing Field, old Village Hall, Bowls Club etc., are kept informed and we ask those representatives to ensure that copies of our minutes are circulated to their organisations.
